

EGPA 2020 Conference - Rescheduled in 2021 2020 series of virtual activities & events

First of all, we hope that you and yours are safe and well during the Covid-19 pandemic.

We would like to thank you for your interest in taking part to the EGPA 2020 Conference.

With the period of uncertainties due to the Coronavirus pandemic and further to a close consultation of our partners, the EGPA 2020 Conference and PhD Symposium have been rescheduled to the same period in 2021 (same venue).

To fill the void left by the postponement of the EGPA 2020 Conference, the EGPA Steering Committee, the Co-chairs of Permanent Study Groups and conveners of seminars or panels are coordinating a series of virtual activities, tutorials and events.

The EGPA secretariat will take contact with you further to a consultation with the co-chairs of Permanent Study Groups/Symposium/Seminars and keep you informed on the various possibilities of participation to these activities.

A programme will be made available on a new virtual Platform.

For the EGPA PhD Symposium, do not hesitate to let us know whether you would like to participate to a virtual seminar in replacement. There will be future announcements regarding submission process and new deadlines.

As already announced to those having registered as users (**still possible to do so**) or having submitted a proposal/an abstract, we will keep you posted about future activities and developments.

Please consult the EGPA Website for updated information:
